

I'm making a shopping list. What could I bake this weekend?

How about a simple loaf of **bread**?

Can I make it without a mixer?

Yes! Just mix everything in a bowl, then knead the **dough** by hand.

I'd like to get Mum a little gift.

How about a **rose** in her favorite color?

She loves pink. Is just one enough?

Of course. One **rose** and a little note would make a lovely gift.
